

Welcome Letter

Dear PFE Family,

Welcome to Partnering For Eternity's 2020-21 Scholarship Program! While there are many uncertainties and challenges across the nation and within each of your school communities, we are excited at the opportunity for PFE to play a role in lifting up our partner schools, students and mentors. PFE was built on the cornerstones of easing senior isolation (likely needed now more than ever); teaching kids the value of service and accountability; and supporting Seventh-day Adventist education through scholarships. While COVID may slightly alter how these values are met, we feel strongly there is a need for them now more than ever! We are here to support you and ensure PFE achieves and surpasses the program's mission and goals. You are in our prayers as an unprecedented school year begins.

Letter From A Coordinator

Dear PFE Staff,

I wanted to let you know that we are encouraging you all as you look for ways to help us! Even with the Covid-19 virus outbreak we have been able to continue contact with our mentors. It is still very possible to maintain the hourly requirement with our mentors should we have to go to distance learning later on during the 2020-2021 school year. Over this summer, a senior mentor is getting together a half hour a day, four times a week on the phone, to help a student with their reading. This is two hours a week! All kinds of discussions come from these reading sessions that this duo is sharing. When you consider all the different genre of books, it opens a world of learning, adventure, and a sparking of interests. We appreciate what you all do and thank you very much for your efforts. We look forward to hearing from you soon that our approval is granted and we can begin the PFE Program as it stays the same or shifts for whatever is needed to serve our schools and its mentors.

Sincerely,

Coordinator at Grays Harbor Adventist Christian School

Thank you for helping us make a difference!

“Due to our location and the make-up of our school, our students have been able to expand the impact of the PFE ministry across the border into Mexico. The great majority of our students reside in Mexico, which means that they are visiting mentors in their hometown, thus making PFE an international program. The truth of the matter is that regardless of the place of residence, human beings have the same basic needs. Our students have been able to not only provide companionship and forge genuine and lasting relationships with their mentors, but they have also grown tremendously in terms of empathy and maturity. Additionally, this activity has provided our students an opportunity to practice some of the values and principles we as a school have tried to instill in them. Thus, the PFE program is the perfect complement to our educational model.”

Reminders

Encourage your students to submit stories of their PFE experiences to pfe@sffcfoundation.org.

Stories used in upcoming eNewsletters will result in \$100 Amazon gift cards for the students.

Each PFE team member must do his/her training prior to the start of any visits. Your first month's scholarship check will not be sent out until all trainings are completed. You can find team member trainings, including the link for training confirmation, on our website.

Join us on Facebook and encourage your students to join. We hope this platform will be a robust place to see inspiring stories, connect with the PFE community across the nation, and discuss challenges and opportunities with your peers.

Upcoming Deadlines

Prior to Visits Beginning - Team Member Trainings Due

December 4, 2020 - Spring Semester Applications Due
